

"Very Pleased "- **November 20, 2009**

"Extremely impressed with all aspects of visit. Professionalism of Dr. & staff are exemplary and far exceed experiences with other medical offices. It was the "total" experience along with confidence in Dr. Stephens' medical expertise, his respect for my wishes and concerns, tempered with his medical conservatism to guide me to the best outcome that resulted in my decision to move forward with the procedure." - **November 20, 2009**

" Dr. Stephens office consult was a wonderful experience. I cannot say enough great things about the staff and Dr. Stephens himself. My only concern was having to wait an hour before being seen. Gave adequate time for questions and concerns. Made me comfortable to know he would be doing surgery on me." - **June 23, 2009**

" I felt Dr. Stephens was the most informative surgeon I have ever experienced. He allowed me to have a voice and some Doctors only give you their opinion and care little of patient feelings and desires and Dr. Stephens took the time to hear my opinion and my desires from the start of our conversation. I am truly pleased with choosing Dr. Stephens as my surgeon and I will be sure to recommend him to everyone!

Thank you.

His nurse, Amy, was great. She was really nice." - **March 6, 2009**

"I consulted with another doctor prior to this visit. I felt very rushed and like they could care less if I scheduled. The doctor barely looked at me and spent less than 10 minutes with me. I didn't have time to ask questions before he was standing halfway out the door. I knew then that I would not use him and did not ask any remaining questions. Dr. Stephens was completely different. I felt very comfortable and was impressed with his professionalism and concern." - **August 26, 2008**
